5. Declarant has also reserved the right to change the size, shape, dimension and location of the lots that it owns and to relocate the streets and open or close same, provided that access to the other lots is not impaired.

6. The following documents are attached:

A.* Articles of Incorporation ("Charter") of Assateague Pointe Homeowners Association, Inc.

B.*1. Declaration of Restrictions, Covenants, Easements, Equitable Servitudes, Charges, Assessments and Liens, dated September 11, 1990 (Liber R.H.O. No. 1678, Folio 47), as thereafter amended by 1st-4th amendments (Liber R.H.O. No. 1689, Folio 307; Liber R.H.O. No. 1728, Folio 360; Liber R.H.O. No 1790, Folio 113 & Liber R.H.O. No. 1796, Folio 82), which is called the "Restrictive Covenants" and the "Declaration" herein.

---and---

---and---

C.* Declaration of Subdivision Covenants and Restrictions (for the benefit of Snug Harbor Subdivision), dated December 29, 1989 (Liber R.H.O. No. 1614, Folio 1).

F.* Easements for electrical lines and equipment. (2 documents).

G.* Bylaws of Assateague Pointe Homeowners Association, Inc.

* - Enforceable against an owner and an owner's tenants.
7. As currently planned, the BOA will own and maintain the land that is designated on the Subdivision Plat as "Common Area" (Outlots A, B, C, D and F, as shown on the Subdivision Plat). The BOA will also own and maintain the swimming pool and clubhouse, basketball court, playground, and electrical distribution system. The Declarant has retained an easement to locate and operate the sales office on Parcel A until the development has been completed and storage area on Parcel B of the subdivision. It is contemplated that the HOA will lease from Declarant the gatehouse at the intersection of Assateague Way and Maryland Route 611.

The roads in the development will be owned and maintained by the HOA. The HOA will be required to maintain (but will not own) the access road ("Assateague Way") between the development and Maryland Route 611; this access road will be about 0.35 miles long.

The HOA will own (in fee simple) a 21.035 acre parcel of land on the easterly side of Maryland Route 611 and the northerly side of Assateague Way (shown as Parcel A on the Subdivision Plat), on which will be located a recreational pond, a park area, a storage area, and the sewerage treatment plant. The HOA will also own (in fee simple subject to a condition subsequent) a 27.452 acre parcel of land on the easterly side of Maryland Route 611 and the southerly side of Assateague Way (shown as Parcel B on the Subdivision Plat), on which will be located the spray irrigation area for the sewerage treatment system. The HOA will also own the water treatment plant, which will be located on Outlot B (part of the Common Area).

Pursuant to the terms of the Shared Facilities Agreement identified in Item 6, above, the HOA has transferred ownership of and operational responsibility for the water and sewerage treatment systems to the Worcester County Sanitary District. In the event that the Worcester County Sanitary District ever connects the development to a publicly-owned sewerage facility and abandons the on site sewerage treatment system, then ownership of Parcel B (where the spray irrigation areas will be located) will revert to the Declarant.

8. A copy of the proposed or actual (i) annual budget for the HOA for its current fiscal year and (ii) the projected budget for the HOA based upon the development fully expanded in accordance with Declarant’s expansion rights is attached.

9. A statement of current or anticipated mandatory fees or assessments to be paid by owners of lots for the use, maintenance and operation of common areas and for other purposes related to the HOA is attached. The Declarant is not obligated to pay such fees or assessments on the lots that it owns; however, it is required to pay charges by the HOA for the availability or use of sewer or water services.
10. The development is located in the A-1 zoning district; it is subject to the following actions by the Worcester County Board of Zoning Appeals:

Case No. 15859 - special exception for a campground subdivision; variance for 300-foot setback.

Case No. 16561 - special exception for a wastewater treatment facility.

Information on zoning matters and applicable requirements of the Worcester County Zoning Code are available from the Worcester County Planning Office, in Snow Hill. It is noted that the Restrictive Covenants impose requirements that apply in addition to the Zoning Code, including (for example) setbacks and other use and occupancy restrictions.

The development is subject to the Worcester County Floodplain Management Law, which establishes certain requirements for improvement of the lots. Information about these requirements is available from Worcester County Building Department in Snow Hill.

Parts of the Common Area are or may be subject to other land use requirements, such as the Maryland Wetlands Law, the Maryland Nontidal Wetlands Law and the (federal) Clean Water Act. Information on these requirements is available at the Maryland Department of Natural Resources, in Annapolis, and the U. S. Army Corps of Engineers, in Baltimore.

11. (i) Mandatory homeowners association fees or assessments on the lots will commence upon the subdivision of the property into lots and establishment of the HOA. Lots owned by Declarant are exempt from such assessments, but not from the charges for sewerage and water services.

(ii) The procedure for increasing or decreasing such fees or assessments is by action of the HOA in accordance with the Restrictive Covenants. Generally speaking, this procedure involves the adoption of an annual budget and the making of an assessment on each lot for its pro-rata share of the estimated funds required for the budget. Special assessments may also be imposed.

(iii) Such fees or assessments and delinquent charges will be collected as determined by the HOA in accordance with the Restrictive Covenants. The actual methods used may include creation and foreclosure of a lien on a lot, pursuant to the Maryland Contract Lien Act, and suit against a delinquent lot owner.

(iv) Unpaid fees and assessments (and other charges by the HOA) are a personal obligation of the owner of the lot on which they are imposed by the HOA.
Unpaid fees and assessments (and other charges by the BOA) bear interest at the rate of: 1.5% per month (after becoming overdue) and a late charge of $20 or 10% of the total amount of any delinquent or assessment, whichever is greater.

Unpaid fees and assessments (and other charges by the BOA) may be enforced by imposing a lien on a lot under the Maryland Contract Lien Act.

Lot owners will (if delinquent) be assessed late charges and attorney's fees and for unpaid fees or assessments (and other charges by the HOA), and will be subject to the following additional consequences for nonpayment thereof: denial of voting and other rights and privileges of membership in the HOA and the right to use the Common Area, and discontinuance of services to the Lot.

12. At closing a lot owner must pay the sum of $150.00 as a working capital contribution to the HOA, which may use it for working capital or, if it elects, for reserves.

13. (i) Under the Restrictive Covenants, the Declarant has reserved the following right(s): to engage in the initial construction of improvements and the repair and maintenance thereof; speculative construction; marketing and sale or resale of the lots and improvements installed or to be installed on the lots; signs, sales offices and models.

(ii) Declarant is exempt from fees and assessments by the HOA on the lots that it owns, but not from the charges for sewerage and water services.

(iii) Declarant shall be exempt from the following use restrictions contained in the Restrictive Covenants: those restricting any activity mentioned in 13(i) above. Declarant shall be exempt from the architectural control provisions contained in the Restrictive Covenants as follows: those restricting any activity mentioned in 13(i), above.

Declarant intends to maintain control over the HOA pursuant to its provisions for two classes of members (A and B). Declarant shall be the only Class B member and as such will have five (5) votes for each Lot that it owns. Other lot owners, who will be Class A members, will have one (1) vote per lot. Thus, unless the Declarant elects to waive its rights earlier, it will control the HOA at such times as it owns at least 16.66% of the lots in the development.
Pursuant to the Shared Facilities Agreement (copy attached), the sewer and water facilities for the development are owned by the Worcester County Sanitary District, which is responsible for operating and maintaining them. The annual assessment imposed by the HOA does not include charges for availability or consumption (usage) of sewerage and water services, which are imposed by the District.

The HOA owns the electrical distribution system for the development. The base charge for electrical service will be included in the annual assessment; there will be a separate charge for any excess usage of electrical power over the level of the base charge. Lot owners must purchase bottled gas for cooking and heating from commercial vendors.

The access road ("Assateague Way") running between the development and Maryland Route 611 will be owned by the Declarant; it will be subject to a right-of-way that provides non-exclusive use for pedestrian and vehicular ingress to and egress from the development by lot owners and their invitees. The roads in the development will be owned by the HOA and subject to a right-of-way for ingress to and egress from certain land to be retained by the Declarant (shown as Outlot E on the Subdivision Plat) for the purpose of the development and maintenance and operation of a marina facility and such other recreational improvements as may be built on Outlot E by the Declarant and, if such land is sold or leased by Declarant, its transferee, or lessee of such land and the operator of any marina or other improvements, if built, and their respective invitees (but not by the general public).

Occupancy of the lots is limited under the Zoning Code (as amended on October 9, 1990) and the Restrictive Covenants as follows:

1. April 2-Sept. 29 -- no time limits on occupancy.
2. Sept. 30-April 1 of following year -- no more than a total of 60 days, of which no more than 30 days may be consecutive.

Lots may be occupied only on a seasonal basis and shall not be occupied as a place of primary or permanent residence or domicile.

Lots in are limited to use by (i) a Manufactured Home, if same shall become permissible under the Worcester County Zoning Code, but not otherwise, or (ii) a Park Home (as such structures are defined in the Restrictive Covenants) and an addition. Tents may not be placed on the lots.

The development is subject to covenants and restrictions in favor of the owners of lots in the "Snug Harbor" subdivision that are stated in a document that is identified in Item 6., above. This document restricts the usage of the land in the so-called "buffer strip" (300 feet wide) located between the southerly side of Meadow Drive and the northerly boundary of Phases 1 and 2 of the development. It also restricts the use of boat slips in the marina facility (if built) to owners and other residents of lots in Assateague Pointe Resort and limits the total number of such slips to 140.

Note regarding Phase Numbers: The amendatory plats that were recorded to add the subsequent phases (2, 3 & 4) use the phase numbers in a manner that differs from their use on the initial Subdivision Plat (Plat Book R.H.O. No. 126,
Folio 32). For example, the latter shows as "Phase 4" the lots that were subsequently added as "Phase 2" by amendatory plat (Plat Book R.H.O. No. 131, Folio 48).

(as thereafter amended
by 1st-4th amendments)

THIS DECLARATION, by ASSATEAGUE POINTE, INC. a Maryland corporation, WITNESSETH THAT:

NOW, THEREFORE, Assateague Pointe, Inc., declares that such lots and other property that may be or become subject to this Declaration shall be held, conveyed, hypothecated or encumbered, leased, rented, used, occupied and improved, subject to the provisions of this Declaration, which are declared and agreed to be in furtherance of its plan for the development, improvement and use of such Lots and for the purpose of enhancing and protecting the value, desirability and attractiveness thereof. The provisions of this Declaration are intended: (i) to create mutual equitable servitudes upon each such lot in favor of all such lots, with their owners covenanting and agreeing with each and every other owner for their mutual benefit, that the owners, their heirs, personal representatives, successors and assigns will faithfully keep, observe and perform the provisions hereof for the benefit of each and every other owner; (ii) to grant each and every owner the right to enforce, in law or equity, the performance of such provisions by each and every owner; (iii) to operate as covenants running with the land for the benefit of each and every lot in the Resort and their respective owners, present and future; and (iv) to provide for an organization, herein referred to as the Association, to administer the provisions of this Declaration, to impose monetary charges on the lots, enforceable by liens and to exercise the powers herein provided for such organization, subject, however, to the rights, powers and privileges reserved or otherwise established for the Declarant and its successors and assigns.

II. TERM AND SCOPE; EXCEPTIONS

2.1 Binding Effect. This Declaration and its provisions shall run with and touch and concern the land in perpetuity, and shall be binding upon all parties claiming any interest in the Development unless an amendment hereto has been duly adopted and recorded as hereinafter provided.

2.2 Personal Liability. This Declaration and its provisions shall be binding upon and enforceable against all persons and entities who are present in the Development, including tenants and other occupants, as well as the Owner of each Lot, who shall be subject to such personal liability and obligations as may arise hereunder.

2.3 Other Regulation. This Declaration and its provisions shall operate in addition to and not in lieu of applicable laws and governmental regulations except to the extent therein provided to the contrary.

2.4 Declarant’s Exception. This Declaration shall not apply to or affect the following acts or activity by Declarant or its employees, agents or contractors, which shall be exempt from the provisions of this Declaration:

(a) The initial construction of any improvements that are part of the Development or its improvements, including but not limited to the streets, utilities and systems, homes or other improvements on the Lots or Common Area and the repair or maintenance thereof.

(b) Speculative construction on the Lots.

(c) Marketing and sales or resale of the Lots and improvements to be installed on them, including the use of directional and promotional signs, sales offices, and models.

III. LOT RESTRICTIONS

3.1 Use and Occupancy Restrictions. The following restrictions shall be applicable to the Lots and their use and occupancy; each Owner covenants to observe and comply with them and to require all guests and occupants of the Owner's Lot to do so:

(a) Use. A Lot that has been sold by Declarant may be improved and used for residential purposes only by means of a Permitted Home and such addition thereto and other improvements as may be permitted by or pursuant to this Declaration. Tents may not be placed on Lots under any circumstance.

(b) Seasonal Occupancy. Lots shall be occupied only on a seasonal basis and shall not be occupied as a place of primary or permanent residence or domicile; students attending schools in Worcester County may not reside on the Lots during the school year. Between September 30th of each year and April 1st of the succeeding year, a Lot may not be occupied for more than 30 consecutive days or an aggregate of 60 days.

3.2 Setback Requirements. All improvements, except pads and equipment for heating and cooling, placed on a Lot shall comply with the following minimum setbacks ("yards"), measured from the Lot’s boundaries ("Lot lines"), which shall apply to all parts of a structure or Permitted Home (i.e., steps, eaves, awnings, patios, decks, ramps, etc.):

(a) A front yard of ten (10) feet; and

(b) A left side yard of seven (7) feet; and

(c) A right side yard of three (3) feet; and
ASSATEAGUE POINTE RESORT
Declaration, with 1st-4th Amendments

(d) A rear yard of eight (8) feet, notwithstanding that the Plat and this Declaration provide for a greater (10-foot) utility/drainage easement parallel to the rear lot line.

(e) If a yard faces on a drainage easement, the setback shall be ten (10) feet.

(f) In the case of storage sheds the rear-yard setback shall be five (5) feet and the side-yard setback shall be zero (0) feet.

The Committee, for good cause shown, may grant a variance from the rear-yard setback or drainage easement setback of not more than five (5) feet in any of the following instances: (i) to eliminate any undue hardship on an irregularly shaped lot, or (ii) to allow flexibility in the use of a lot that is contiguous to an Outlot established by the Plat.

3.3 Separation Requirement. When placed or constructed on a Lot, a Permitted Home and additions to it shall be separated by at least ten (10) feet from any Permitted Home or additions to it located on any other Lot.

3.4 Approval of Plans. No Permitted Home, addition thereto or other improvements shall be placed or constructed on a Lot or thereafter altered or enlarged (including but not limited to changing its color), and the grade and topography of a Lot shall not be changed or altered in any manner without the prior written approval of the Committee. As a prerequisite of its consideration of a request for such approval, the Committee may require such plans and specifications and other information as may be reasonable. Generally, the Committee will not approve any storage shed that exceeds eight (8) feet by ten (10) feet in size and ten (10) feet in height located in the rear yard of a Lot. A building permit or zoning action required for the subject of the requested approval by the Committee shall not be pertinent to or necessary for its approval of the request, but such approval shall not operate to avoid the need for such building permit or zoning action, if any, that may be required. Reference is made to the provisions of this Declaration that more particularly describe the operation of the Committee and the approval of plans.

3.5 Construction Period. The construction or demolition of any structure or other improvement shall, upon commencement, proceed in an expeditious manner to completion, subject only to ordinary delay, such as inclement or unseasonable weather, and delay caused by unforeseen occurrences that are beyond the control of the Owner of the Lot, who shall cause such work to comply with this covenant. The term "expeditious manner" shall mean the manner in which the work would be prosecuted by commercial contractors subject only to delay of the kinds described above; provided, however, that no construction or demolition shall remain incomplete for more than two (2) months after the first activity occurs on a Lot for the purpose of its prosecution or completion, except to the extent that the work is delayed by unforeseen occurrences that are beyond the Owner's control. All materials and equipment used for the construction or demolition shall be removed from the Lot within ten (10) days after the work has been completed or further prosecution of the work has been abandoned. A period of twenty (20) days without substantial change in the state or condition of the work shall be prima facie evidence that further prosecution thereof has been abandoned and, if the work has not been completed in accordance with the plans and specifications for the work that have been approved by the Association, it shall be entitled to cause the work to be declared a public nuisance and to cause it to be demolished, completed or modified to conform to such plans and specifications. An Owner shall be subject to legal remedies to enforce this covenant, including a mandatory injunction directing the Owner to complete the work. All costs incurred by the Association to enforce an Owner's duty regarding the expeditious completion of construction or demolition, including costs of suit and attorney's fees, shall be enforceable as a personal liability and also by means of assessment upon the Lot by the Association, which shall be entitled to enforce such assessment by establishment and enforcement of a lien against the Lot in accordance with the Maryland Contract Lien Act.

3.6 Repair of Casualty. A building or other improvement that is damaged by fire or other casualty so that the exterior appearance does not conform to the plans and specifications as approved by the Committee shall be deemed to be in the process of being constructed, with the time for commencement of construction being the date when it was so damaged, and the Owner shall be required to repair the building in a manner that complies with such plans and specifications (or modifications thereof) or to demolish the structure to the satisfaction of the Committee in an expeditious manner.

3.7 Maintenance of Lots. Each Lot, whether occupied or unoccupied, and the improvements thereon shall at all times be maintained by the Owner in such a manner as to prevent them from becoming unsightly, unsanitary, or a hazard to health or safety. The Owner of a Lot shall promptly remove any trash or refuse that may accumulate thereon and restore or replace any grass or other vegetation that becomes damaged or diseased. If not so maintained, the Association shall have the right, through its agents, employees or contractors, to provide such maintenance or take other corrective work which, in its sole discretion, it deems necessary, the
cost of which shall be payable by the Owner of such Lot immediately upon billing, and if not paid, shall together with interest at the rate of interest thereon, from the billing date, be added to the next annual assessment applicable to such Lot as provided in Part IX ("Assessments, Liens") hereof. The Association and its agents, employees and contractors may enter onto a Lot at any time to provide or perform such work. Neither the Association nor any of its agents, employees or contractors shall be liable for any damage which may result from any such maintenance work or other corrective action, except for damage caused by gross negligence.

3.8 Additional Restrictions:

(a) Waste Disposal. No Owner or occupant of any Lot shall permit or allow the dumping or placement of any sanitary sewage or other waste anywhere upon any Lot or elsewhere within the Development except in places designated therefor by Declarant or the Association. No sewage, garage or liquid or solid waste disposal systems shall be permitted on any Lot. Garbage and trash receptacles shall not be permitted outside of a Permitted Home or building. Trash and garbage shall be deposited at specified locations within the Development for regular trash collection in bags or containers of a kind approved by the Association.

(b) Fences and Clotheslines. All Lots shall be kept free and open and no fences, ledges or walls shall be erected thereon, except as permitted by the Committee. Only clotheslines of a type approved by the Committee shall be used outside a Permitted Home or building.

(c) Nuisances. No noxious or offensive activities or nuisances shall be conducted or permitted in the Development; radios, televisions and speakers shall be a nuisance if they disturb anyone present on any other Lot. Each Owner shall have a duty to prevent Lot from becoming unclean, unhealthy or unsightly and to prevent the occurrence of any activity or conduct thereon that unreasonably disturbs the occupants of any other Lot or constitutes an unusual or unreasonable threat or danger to their health or safety.

(d) Signs. No person except Declarant shall erect or maintain any sign or advertisement in the Development, with the exception of name signs, no more than 8 inches by 20 inches in size, constructed of material and design approved by the Committee. "For Sale" or "For Rent" signs are strictly prohibited. Declarant shall have the privilege to erect and maintain advertising and other signs upon Lots that it owns for the purpose of their development and marketing.

(e) Animals. No animals shall be kept or maintained on any Lot except ordinary, domesticated household pets. Pets shall be kept confined and quiet so as not to become a nuisance. Unless otherwise approved by the Association, pets shall be kept on leashes when outside the Permitted Home, and shall be limited to the Lot or to exercise areas designed by the Association in the Common Area. Anyone who exercises a pet shall be required to promptly remove any droppings by the pet. All pets that are subject to rabies must be inoculated against rabies. No commercial breeding or housing of pets shall be permitted within the Development. Pets may not be kept unattended on a Lot or the Common Area, either confined or tied. An Owner or other occupant of a Lot who continued, after notice, to violate these regulations on pets may be disciplined by the Association, which may suspend or permanently revoke his or her privilege to keep a pet by action of the Board of Directors.

(f) Limit of Occupancy. No more than one (1) Permitted Home may be erected or placed upon a Lot.

(g) Open Fires. No open fires of any kind shall be permitted on any Lot except within the confines of a cooking device of a design approved by the Association. No burning of wood, leaves, trash, garbage, or similar refuse shall be permitted.

(h) Lot Accessories. Picnic tables, benches, fire boxes or fireplaces and items of personal property that meet the standards adopted by the Association, may be placed on a Lot. All personal property on a Lot shall be maintained in good condition so as not to become unsightly and shall be removed from the yards or exterior of the Lot (deck, patio, etc.), except as the Association may otherwise allow by rules, at times designated by it for moving or other work and whenever a Lot is unoccupied for more than three (3) days. If personal property is not removed as required, the Association may remove it and charge a reasonable fee for doing so.

(i) Removal of Trees. Following its conveyance by Declarant, no trees over two (2) inches in diameter may be removed from a Lot without the approval of the Committee. No trees or natural
growth of any kind shall be removed or cleared within the setback areas of a Lot, except for normal and routine maintenance, without the approval of the Committee.

(j) Prohibited Uses. No retail business, profession or merchandising (including but not limited to "yard sales" and auctions) shall be conducted on any Lot; this restriction shall not prohibit or affect the rental of a Lot to tenants for residential use otherwise complying with the provisions of this Declaration or any activity of the Declarant for the purpose of completing or promoting the Development or its sale of Lots or the placement, construction, sale or operation of improvements thereon by the Declarant.

(k) Ditches and Swales. Each owner shall keep drainage easements, ditches and swales located on the Lot free and unobstructed. The Owner shall take reasonable steps to prevent erosion from occurring on his Lot.

(l) Drilling and Mining. No excavating, drilling, refining, quarrying or mining operation of any kind shall be permitted, nor shall drilling for water or digging of water wells be permitted on any Lot.

(a) Required Parking Spaces. There shall be at least two (2) parking spaces meeting the requirements of the Worcester County Zoning Code on each Lot.

(n) Boats and Trailers. Boats and trailers may not be parked or stored on a Lot for more than 48 consecutive hours if space is available in a storage area designated by the Association; a consecutive period shall be deemed not to have ended by the removal of a boat or trailer from a Lot if it is returned to the Lot within twelve (12) hours after being removed from it. No more than one boat or trailer may be parked or stored on a Lot at one time regardless of the availability of space in a storage area designated by the Association.

(o) Prohibited Vehicles. The following vehicles may not be brought into the Development or parked in it: (1) unlicensed or inoperable vehicles, and (ii) vehicles that are being repaired, rebuilt, repainted or junked. Motorized minibikes, snowmobiles, trail bikes, and "all-terrain" or "off-road" vehicles may not be operated in the development but may be brought into the Development on trucks or trailers, provided that they are not off-loaded. Notwithstanding the above, golf carts are permitted.

(p) Use of Roads; Motor Vehicles, etc. No motor vehicle of any type shall be driven or towed in a reckless manner in the Development. All drivers of motor vehicles shall observe speed restrictions and noise limitations within the Development as established from time to time by the Association. Vehicles shall not be parked on the Roads or left unattended thereon. Vehicles may not be operated in violation of law or by anyone not licensed to operate such a vehicle on Maryland public roads.

(q) Guests and Invitees. Any person entering the Development at the invitation of an Owner, other than members of an Owner’s family, may be required to be registered with the Association and shall be subject to such rules and regulations as the Association shall adopt from time to time applicable thereto.

(r) Intoxicating Beverages. The excessive use of intoxicating beverages is strictly prohibited within the Development. Any inebriated person who becomes a hazard to the health, safety and welfare of other persons present in the Development shall not be permitted to enter or remain within the Development.

(s) Television and Radio Antennae. Except as permitted by the Committee, no radio or television antennae shall be erected or placed on any Lot. If and when cable television service shall be available within the Development, antennae shall be strictly prohibited and all existing antennae shall be removed within six (6) months thereafter.

(t) Hunting; Firearms and Weapons. No hunting or shooting, use or discharge, of firearms, pellet guns, air guns, slingshots, bows and arrows or other weapons shall be permitted within the Development.
(u) Electrical Resistance Equipment Prohibited. No equipment (stoves, heaters, etc.) that uses electrical resistance to generate heat may be operated on a Lot except as may be approved by the Association.

(v) Public Events/Meetings. Events and meetings that are open to the public or that are advertised in the broadcast, print or other media, such as newsletters, flyers, etc., may not be held on the Lots. Examples of events that are intended to be prohibited by this restriction are: "yard sales" and "public auctions".

(w) Rental of Lots: Leases. Lots may not be rented except by a written lease that grants to the tenant the use and possession of the entire Lot and improvements, except storage areas, to the exclusion of other occupants. The lease must be on such form (or contain such language) as the Association may prescribe from time to time. The Association may impose reasonable regulations in regard to rental of Lots and limit the use of the recreational facilities and amenities on the Common Area by tenants. Every lease shall expressly state that the premises are subject to this Declaration and its provisions and shall contain such portions of the Declaration as the Association may prescribe. An Owner shall be liable to the Association and the Owners of other Lots for the acts of the Owner's tenants (and social guests).

(x) Sight Lines. Each Lot shall be maintained so that its improvements and landscaping do not interfere with or obstruct the line of vision at street intersection or curves.

(y) Further Subdivision. A Lot may not be further subdivided ("resubdivided") except with the approval of the Association and Declarant.

IV. COMMON AREA

4.1 Roads. Declarant's recording of a Plat shall not be construed as dedication of the Roads (or any other land or improvements) to public use. The Roads shall be constructed by Declarant and transferred to the Association pursuant to the provisions of the Transfer, Construction and Operation Agreement. All Owners shall have the use and enjoyment of the Roads subject to the provisions hereof and to reasonable rules and regulations from time to time adopted by the Association. Declarant reserves the right to the use of the Roads in connection with its development and sale of this and subsequent phases of Assateague Pointe Resort and for the development, operation and maintenance of a marina facility and related uses on the land that is designated and described as Outlot I on the Plat. Operation and maintenance of the Roads shall be the responsibility of the Association; provided, however, that Declarant shall be responsible for the reasonable cost of repairing any damage to the Roads clearly attributable to Declarant's activities.

4.2 Other Common Area. All other Common Area, except the Utility Facilities (which are governed by Part VI hereof), are and shall remain private property and Declarant's recording of the Plats shall not be construed as dedication of any such Common Area to public use. Subject to the provisions of the Transfer, Construction and Operation Agreement, Declarant will transfer to the Association the Common Area together with any improvements constructed thereon. The use and enjoyment of Common Area and improvements thereon shall be subject to the provisions hereof and to reasonable rules and regulations from time to time adopted by the Association. Declarant reserves the right to the use of Common Area and any improvements thereon in connection with its sales and development program. Operation and maintenance of Common Area and any improvements thereon, including repair to any such improvements, shall be the responsibility of the Association. All improvements must be approved by the Committee as hereinafter provided.

V. EASEMENTS

5.1 Lots. The following easements over each Lot and the right of ingress and egress to the extent reasonably necessary to exercise such easements are reserved unto Declarant, its successors, assigns, and licensees:

(a) Easements Along Lot Lines. A three (3) foot wide area adjacent to the side Lot line and a ten (10) foot area adjacent to the front and rear Lot lines for the purpose of construction, installation, operation and maintenance of drainage courses, culverts, etc., and utility facilities, including telephone, water, sewer, radio and TV transmission lines, if any, and including the accessory
right to locate guy wires, braces or anchors, or to cut, trim or remove trees, shrubs or plantings wherever necessary.

(b) General Utility Easement. An easement over any portion, or all, of every Lot in the Development for the maintenance of all utility lines, including, but not limited to, water, sewer, electricity, drainage, telephone and radio or TV transmission, is created and reserved unto the Declarant, its agents, employees, licensees, successors and assigns.

(c) Drainage Easement. A ten (10) foot wide area adjacent to the rear Lot line that may be used for the purpose of cutting, filling, drainage and maintenance of slopes and drainage courses.

(d) Grass Mowing. A general easement over all unimproved areas of Lots for the purpose of maintaining and mowing the grass portions thereof.

(e) Road-widening Easement. Where a Road is less than forty (40) feet wide, an easement running along the inside of all Lot lines coincident with the right-of-way lines shall exist for the purpose of widening the Road to forty (40) feet in the event that Worcester County, Maryland, elects to maintain the Roads within the Development.

5.2 Roads. Declarant, on behalf of itself, its successors, assigns and licensees, reserves an easement over, upon and under all Roads for installation, maintenance and operation of Utility Facilities, for purposes of drainage control, for access to Lots and Common Areas by Owners, the Association and Declarant (including improvement of land to be added to the Development), and for use by any other authorized person.

5.3 Other. Any other easements shown on the Plat and an easement in favor of Declarant, its agents, employees, licensees, successors and assigns, including the Association, upon all land within the Development for the enforcement of this Declaration.

5.4 Use or Maintenance by Owners. The area of any Lot affected by the easements reserved herein shall be maintained by the Owner, but no structure (other than a storage shed), plantings or other material shall be placed or permitted to remain thereon or other activities undertaken thereon which may damage or interfere with the use of the easements for the purpose herein set forth. Improvements within such areas shall be maintained by the Owner except those for which the Association or a utility company is responsible.

5.5 Liability. No Owner shall have any claim or cause of action against Declarant or its licensees arising out of the exercise or non-exercise of any easement reserved hereunder.

VI. SHARED AND OTHER UTILITY FACILITIES

6.1 Construction and Ownership. The Declarant may install such other systems for additional services within the Development, such as CATV, as it may elect.
6.2 Operation and Maintenance. Subject to the Shared Facilities Agreement, the Association shall operate and maintain all Utility Facilities in accordance with sound utility management practices and shall pay all costs thereof, including all real estate and other taxes or public charges imposed upon the Utility Facilities and any land of the Declarant on which they are located, and may (but is not required by this Declaration) to maintain reserves for replacement from (i) revenues from annual or special assessments levied by the Association pursuant to Part IX hereof or (ii) such charges for the availability and/or use of utility services as the Association shall establish. Such charges shall be enforceable and collectible as in the same manner as assessments, pursuant to Part IX of this Declaration, and may be made separately for the availability of specific services and for the actual use ("consumption") of services, based upon such criteria and projections as the Association deems to be appropriate.

6.3 Rules and Regulations. Use and enjoyment of services provided by the Utility Facilities shall be subject to reasonable rules and regulations as shall be adopted from time to time by the Association.

6.4 Modification and Alteration. No modification or alteration of any Utility Facilities shall be permitted without the approval of the Association; provided, however, that such approval shall not be required for any work performed by Declarant to alter or improve the Utility Facilities to comply with applicable governmental standards or regulations.

6.5 Discontinuance of Service. The Association may discontinue service from the Utility Facilities to any Lot, upon 15 days' written notice to the Owner thereof, if such Owner is delinquent with respect to payment of any charge for the availability or use of any utility service or any annual or special assessment imposed pursuant to provisions of Part IX hereof, or if such Owner otherwise is in violation of any provision hereof or any rule or regulation of the Association applicable to services provided by the Utility Facilities.

6.6 Assumption of Declarant's Obligations. The Association shall assume and perform promptly and completely all obligations of Declarant under the following:

(a) Shared Facilities Agreement between Sanitary District, dated June 26, 1990, and recorded among the Land Records of Worcester County, Maryland, in Liber R.H.O. No. 1659, Folio 10, arising after the transfer to the association of the responsibility for the operation of such the facilities (sewer and water systems) that it governs;

(b) Inspection and Maintenance Agreement ["stormwater management agreement"] between the Declarant and Worcester County, Maryland, dated December 11, 1989, to be recorded among the Land Records of Worcester County, Maryland.
VII. THE ENVIRONMENTAL CONTROL COMMITTEE
(the "Committee")

7.1 Approval of Improvements. All improvements constructed or placed on any Lot shall first have the written approval of the Committee. Such approval shall be granted only after written application has been made to the Committee in the manner and form prescribed by it. The application shall be accompanied by plans and specifications, which shall indicate the location of all improvements proposed, the color and composition of all exterior materials to be used, proposed landscaping, and any other information which the Committee may require.

7.2 Membership. The Committee shall be composed of at least three (3) and not more than five (5) persons to be appointed by the Board. Initially, or until such time as appointments to the Committee are made, the Committee shall be composed of members of the Board. Committee members shall be subject to removal by the Board and any vacancies from time to time existing shall be filled by appointment by the Board.

7.3 Reasons for Disapproval. The Committee may disapprove any application:
(a) if it does not meet the requirements of this Declaration;
(b) because of the reasonable dissatisfaction of the Committee with grading plans, location of the proposed improvements on a Lot, finished ground elevation, color scheme, finish, design, proportions, architecture, shape, height or style of the proposed improvements or materials used; or
(c) if, in the sole judgment of the Committee the proposed improvements would be inharmonious with the Development, or with any improvement placed on any other Lot.

7.4 Variances and Adjustments. The Committee may grant reasonable variances or adjustments to avoid unnecessary hardship if the granting thereof will not be materially detrimental or injurious to Owners of other Lots.

7.5 Rules and Regulations. The Committee shall from time to time adopt written rules and regulations of general application governing its procedures which shall include, among other things, provisions for the form and content of applications, required number of copies of plans and specifications, provisions for notice of approval or disapproval, including a reasonable time period of approval by reason of failure to disapprove, etc.

7.6 Certification of Compliance. At any time prior to completion of construction of an Improvement, the Committee may require a certification, upon such form as it shall furnish, from the contractor, owner or a licensed surveyor, as the Committee elects, that such Improvement does not violate any setback, ordinance or statute, nor encroach upon any easement or right-of-way of record, and that it complies with plans and specifications that the Committee approved and the terms and conditions of its approval.

7.7 Fees. As a means of defraying its expenses, the Committee may adopt and impose a reasonable filing fee to accompany the submission of plans and specifications.

7.8 Liability for Defects. Notwithstanding the approval by the Committee of plans and specifications or its inspection of the work, neither it, the Declarant, the Association, nor any person acting on behalf of any of them shall be responsible in any way for any defects in any plans or specifications or other material submitted to the Committee, for any defects in any work done pursuant thereto or for the conduct of the contractors or workmen. Each person submitting such plans or specifications shall be solely responsible for the sufficiency thereof and the adequacy of improvements constructed pursuant thereto.

7.9 Appeal of Decisions. Any applicant shall have the right to appeal to the Board from any adverse decision of the Committee within 30 days after entry of such decision. The decision of the Board shall be final and is not subject to review by the courts.

(the "Association")

8.1 Membership Required. Every Owner, as defined herein, shall be a member of the Association.
8.2 Nature and Purposes. The Association is a Maryland not-for-profit corporation organized to promote and protect the common interests of the Owners in the Development. The Association shall have the duties, responsibilities, rights and privileges with respect to the Development that are provided herein or in its Articles of Incorporation. In addition, except to the extent otherwise provided herein or in its Articles of Incorporation, the Association shall have the power and authority to act on behalf of its members in respect to matters affecting the Development in any manner that the Board shall approve.

8.3 Classes of Members. The classes of members of the Association and the voting rights thereof shall be as follows:

(a) Class A. The Owners, excluding Declarant, of the Lots within the Development shall be the Class A Members of the Association. Class A members shall be entitled to one (1) vote for each Lot owned by such members, with respect to all matters required hereby, or by the Articles of Incorporation or Bylaws to be voted upon by members of the Association. The vote for a specific Lot may be cast by any person who is an Owner with respect to the Lot or who is an officer or duly designated proxy of such Owner, but may not be split or allocated among such Owners if more than one. Any disputes as to the right to vote with respect to any such Lot shall be determined by the Board, which decision shall be final and not subject to appeal to or review by any court.

(b) Class B. The Declarant shall be the Class B Member. With respect to all matters required hereby or by the Articles of Incorporation or Bylaws to be voted upon by members of the Association, the Class B Member shall be entitled to five (5) votes for each Lot then owned by the Class B Member.

8.4 Board of Directors. The governing body of the Association shall be the Board, the members of which shall be elected by the Members for such terms and in the manner provided in the Bylaws. The authority to act on behalf of the Association may be delegated by the Board to such persons or groups as it shall designate in its written minutes, subject to such procedures and processes as it may prescribe.

8.5 General Operation. Except as provided herein, the Articles of Incorporation and Bylaws shall govern the operation of the Association, including the designation and election of officers, the place and notice of meetings and the rights, duties, privileges and obligations of membership. In the event of any conflict between provisions of the Articles of Incorporation or Bylaws and this Declaration, the provisions of this Declaration shall prevail.

8.6 Litigation. Notwithstanding anything in this Declaration or the Bylaws to the contrary, the Association shall not commence litigation on behalf of itself or the Owners (other than for the collection of any annual or special assessment due by an Owner and any claim arising out of a contract by the Association for goods or services) unless the commencement of such litigation has been approved in advance by a majority vote of the Owners at an annual or special meeting of the Association. The notice of the meeting must state that the approval of the litigation may come before the meeting and include a bonafide discussion of the particulars and merits of the litigation, the kind and amount of damages, and a detailed estimate of all anticipated costs to the Association of the litigation (including trial and appeal) such as attorneys’ fees, expert advice and testimony and related expenses (printing, stenography, etc.). The presence in person (not by proxy) of a majority of the Owners shall be necessary and sufficient at any such meeting of the Association to constitute a quorum for the purpose of approving the commencement of litigation pursuant to the preceding sentence.

IX. ASSESSMENTS AND LIENS

9.1 Liability; Lien; Enforceability. Each Owner of a Lot, by acceptance of a deed therefor, covenants and agrees to pay to the Association each of the assessments and charges that it shall impose upon the Lot or the Owner at such time as the Owner holds any record ownership interest in the Lot, including: (a) annual assessments; (b) special assessments; (c) charges for the availability and/or use of utility services; and (d) additional charges made in accordance with this Declaration. Each such assessment or charge that is made by the Association as aforesaid shall result in the creation of a lien on the Lot against which it is made (or in the case of a charge against an Owner, each Lot in which such Owner has an interest) that is enforceable by the Association pursuant to the Maryland Contract Lien Act. Such lien shall secure the assessment or charge and all damages, costs of collection, late charges and attorneys fees arising from or as a result of the failure to pay the assessment or charge to the Association when it becomes due and payable.

9.2 Assessments by Association. Assessments shall be made and collected by the Association against all Lots within the Development, provided, however, that no assessment or charge (other than for water and sewer
9.3 Annual Assessments. The Association shall levy and collect, in each year, an annual assessment upon each Lot liable therefor in an amount sufficient to provide revenues to (i) pay all costs of operation of the Association and all expenses incurred by it pursuant to this Declaration or for the purpose of its administration or enforcement, (ii) pay all costs of operation, maintenance and improvement of the Common Area, (iii) pay all costs of operation, maintenance and improvements of the Utility Facilities, (iv) provide for working capital and (v) establish and maintain such reserves as the Board deems reasonable, provided, however, that the establishment of reserves is not required by this Declaration. For each calendar year the Board shall adopt a budget of such costs and obligations of the Association for that calendar year, and on the basis thereof, shall establish the amounts of the annual assessment for such year and shall collect the same. The annual assessment shall not be levied upon or collected with respect to a Lot until its title has been conveyed to an owner other than Declarant; the annual assessment payable with respect to such Lot shall be pro-rated on the basis of the number of months remaining in the applicable assessment year at the time of such conveyance, and shall be paid at settlement of the sale by the grantee named in the deed, who shall be personally liable for the pro-rated portion thereof.

9.4 Special Assessments. In addition to the annual assessment authorized above, the Association, by its Board, may levy special assessments applicable to a calendar year or a period of several such years, for the purpose of any construction, reconstruction, repair or replacement of the Common Area and its improvements, including fixtures and personal property related thereto, and to purchase or construct additional improvements thereon or such other purposes as the Board may deem to be proper.

9.5 Uniformity of Assessments. Annual assessments and special assessments shall be fixed at a uniform rate for all Lots, except as elsewhere provided herein, and may be collected on a monthly, quarterly or annual basis as determined from time to time by the Board. Other charges, to the extent authorized hereby, may be included in any annual assessment with respect to any Lot, by action of the Board.

9.6 Fines and Penalties. The Association is also authorized to impose fines and penalties against any Owner, upon a finding by the Committee, subject to an appeal to the Board, which appeal shall be final, that such Owner has violated any of the covenants contained in Article IV hereof. Such fines and penalties shall be enforceable and collectable against an Owner and the Owner's Lot(s) in the same manner as assessments by the Association, and upon default in the payment of a fine or penalty the same consequences of default shall arise as in the case of such an assessment, including a lien, interest, late charges and costs of collection, including attorney's fees. Rules and regulations as to procedures for the filing of complaints and hearing before the Committee in connection with adjudication of any such violations and the amounts and procedures applicable to any such fines or penalties may be adopted from time to time by the Board.

9.7 Notice of Assessments. Notice of any assessment shall be mailed by the Association to each Owner, addressed to such Owner's mailing address that appears in the records of the Association (or, if in the absence of such address, to the address that is listed on the tax rolls for the Lot), with postage prepaid. The date(s) for payment of any assessment shall be fixed by the Board and shall be contained in the notice. The Association may publish the name of delinquent Owners in a list of delinquent Owners or by any other means of publication.

9.8 Certification of Assessments. The Association shall upon demand at any time furnish a statement in writing signed by an officer of the Association certifying that all assessments and charges against a specified Lot have been paid or itemizing each assessment or charge, if any, against said Lot that remain unpaid, as of the date thereof. A reasonable fee may be required by the Board, in advance, for issuance of such certificate. Such certificates shall be conclusive evidence of payment of such assessments or charges therein stated to have been paid.

9.9 Priority of Liens. The lien of any mortgage or deed of trust placed upon any Lot solely for the purpose of securing the loan of purchase money for acquisition thereof or of any improvements thereon and recorded in accordance with the laws of the State of Maryland, shall be, from the date of recordation, superior to any or all such liens provided for herein for assessments by the Association and sums arising from the nonpayment or collection thereof.

9.10 Interest; Late Charges. Any assessment or charge by the Association which shall remain unpaid thirty (30) days subsequent to its due date shall commence to accrue interest on the thirty-first (31st) day at the rate of one and one-half per cent (1-1/2%) per month. Said interest shall be treated in all respects
as a part of the assessment. In addition, the Association may impose a late charge, for failure to pay any assessment or installment thereof on its due date; such late charge shall be limited to the greater of twenty dollars (for each default) or 10 percent of the amount not paid when it becomes due.

9.11 Denial of Owner's Privileges. An Owner who is delinquent in the payment of any assessment or other charge imposed by the Association may be denied the right to vote in the Association's meetings and to use the Common Area (except the Roads) owned or operated by the Association under the terms of such rules as it shall adopt from time to time.

9.12 Owner's Successor Liability. Upon becoming an Owner of a Lot, such Owner shall be liable (jointly and severally with every other Owner or former Owner who is also liable for the particular amount) for all then unpaid fees, assessments or charges that have been imposed upon the Lot or its Owner by the Association, which shall continue to be enforceable by the Association by suit or by lien against the Lot pursuant to the Maryland Contract Lien Act, together with interest, late charges and costs of collection, including attorneys' fees; provided, however, that such successor liability shall not exist in the case of an Owner who purchases a Lot in the foreclosure of a mortgage or deed of trust that is accorded priority over the lien of the Association by the terms of this Declaration.

9.13 Working Capital Contribution. Upon the transfer of a Lot by Declarant, it shall become subject to an initial capital contribution of $150 to the Association, which shall be entitled to collect the contribution and the costs of collection thereof by means of a lien established pursuant to the Maryland Contract Lien Act or by suit against the initial or subsequent Owners of the Lot. The Association may use the contribution for working capital or, if it shall so elect, to fund its reserves, if any.

9.14 A Special Assessment of $250 per lot was approved by the Board of Directors on October 1, 1994 to cover the construction of a Fishing/ Crabbing Pier and a Camera Monitor System. This was billed on January 1, 1995. For settlements that occur after this date, the amount will be paid to the Homeowner's Association upon settlement of the lot.

X. ANNEXATION OR EXPANSION

10.1 Scope. Declarant may, from time to time and in its sole discretion, annex to, or expand, the Development by adding any other real property described on the plat entitled "Assateague Pointe Resort Phase 1 And Other Lands" that is recorded among the Land Records of Worcester County, Maryland, in Plat Book R.H.O. No. 126, Folio 31 et seq.

10.2 Method. Declarant shall effect any annexation or expansion by recording in the Land Records a Plat of the real property to be annexed and by declaring thereon or by Supplemental Declaration that the property is a part of the Development and is held and shall be held, conveyed, hypothecated, encumbered, leased, rented, used, occupied and improved subject to the provisions of this Declaration. The provisions of this Declaration may be modified with respect to the annexed parcel by Supplemental Declaration by Declarant that is recorded prior to its conveyance of any portion of the annexed parcel.

10.3 Content of Supplemental Declaration. The Supplemental Declaration may:
(a) describe the real property being annexed and designate the permissible uses of the annexed parcel;
(b) set forth any new or modified restrictions or covenants which may be applicable to annexed parcel, including limited or restrictive uses of Common Areas; and
(c) contain such other matters as shall be deemed necessary or appropriate with respect to the annexed parcel.

10.4 Effect. Upon the recording of such Plat and Supplemental Declaration, if any, the annexed parcel shall become a part of the Development, and thereafter the term "Development" as used herein shall include the annexed parcel.

XI. REVISION OF PLANS

Notwithstanding the provisions and conditions herein contained, Declarant hereby reserves unto itself, its successors and assigns, the right to relocate, open, or close streets or Roads shown on the Plats, and to
revise, resubdivide and change the size, shape, dimensions and location of Lots in the Development; and upon such relocation, opening or closing of streets or revision, resubdivision or changing of size, shape, dimensions and locations of Lots, the covenants, conditions, restrictions and reservations hereby imposed shall be applicable to the resulting Lots in lieu of the Lots as originally shown on said Plat prior to such revision, relocation or change, provided, however, that no Lot sold prior to such revision, relocation or change shall be deprived of a portion of the street or streets on which it bounds nor of access to such Lot from the streets or Roads on the Development.

XII. REMEDIES

12.1 Enforcement Action. The Association and/or the Managing Agent, Declarant and each person to whose benefit this Declaration inures may proceed at law or in equity to prevent the occurrence or continuation of a violation of any provisions of this Declaration, or otherwise to enforce it, and any court of competent jurisdiction in such action may award the successful party reasonable expenses in prosecuting such action, including attorney's fees.

12.2 Suspension of Rights. The Board may suspend all voting rights, if any, all rights to use the Common Area (except the Roads) and all other rights or privileges of membership of any Owner for any period during which any assessment or charge by the Association or other obligation payable to it remains unpaid, or during the period of any continuing violation of the provisions of this Declaration by such Owner after the existence thereof has been declared by the Board upon reasonable notice mailed to the Owner.

12.3 Entry and Access. Declarant and authorized representatives of the Association, their successors and assigns, shall have an absolute right of entry and access upon any Lot or Common Area for the purpose of enforcing the provisions of this Declaration.

12.4 General Provisions. Remedies specified herein are cumulative and shall not preclude any other remedy at law or in equity. No delay or failure on the part of an aggrieved party to invoke an available remedy in respect of a violation of any provision of this Declaration shall be held to be a waiver by that party of any right available to him upon the recurrence or continuance of said violation or the occurrence of a different violation.

12.5 Owner's Liability. An owner shall be liable to the Association in the same amount and kind as the Owner's tenants, guests and invitees, and shall hold the Association harmless from and indemnify it against liability for or as a result of acts or conduct by such tenants, guests and invitees and all consequences thereof, including attorneys' fees or other costs reasonably incurred by the Association to investigate or defend claims of such liability.

FIRST AMENDMENT

OF

DECLARATION OF RESTRICTIONS, COVENANTS, EASEMENTS, EQUITABLE SERVITUDE S, CHARGES, ASSESSMENTS AND LIENS

THIS AMENDMENT, dated October 29, 1990, by Assateague Pointe, Inc., a Maryland corporation, WITNESSETH THAT:

WHEREAS, Assateague Pointe, Inc., has executed, as its Declarant, the Declaration of Restrictions, Covenants, Easements, Equitable Servitudes, Charges, Assessments and Liens (the "Declaration"), dated September 11, 1990, and recorded among the Land Records in Worcester County, Maryland, in Liber R.H.O. No. 1678, Folio 47, which in Article XIV provides for amendment "by the affirmative vote of 2/3's of the total number of votes held by all members of the Association entitled to vote," and Assateague Pointe, Inc., by virtue of its ownership of lots in the Assateague Pointe Resort (the "subdivision") holds more than 2/3's of the total number of votes held by all members of Assateague Pointe Homeowners Association, Inc., which is the entity referred to in the Declaration as "the Association"; and

WHEREAS, the Declaration, in Article III, Section 3.1 (b), provides for seasonal occupancy of the subdivision, by imposing the limitations upon occupancy of the lots that were prescribed by the Worcester County Zoning Code on the date of the Declaration; and

WHEREAS, the County Commissioners of Worcester County, Maryland, have amended the regulations under the Zoning Code pertaining to the occupancy of the lots in the subdivision to impose a different period in which occupancy of the lots is limited, and the pertinent provision of the Zoning Code states that a homeowners' association declaration shall include language providing such, or greater, limited occupancy;

SECOND AMENDMENT

OF

DECLARATION OF RESTRICTIONS, COVENANTS, EASEMENTS,
EQUITABLE SERVITUDES, CHARGES, ASSESSMENTS AND LIENS

THIS AMENDMENT, dated May 1, 1991, by Assateague Pointe, Inc.,
a Maryland corporation, WITNESSETH THAT:

WHEREAS, Assateague Pointe, Inc., has executed, as the Declarant, the Declaration of
Restriction, Covenants, Easements, Equitable Servitudes, Charges, Assessments and Liens (the
"Declaration"), dated September 11, 1990, and recorded among the Land Records of Worcester
County, Maryland, in Liber R.H.O. No. 1678, Folio 47, which in Article XIV provides for
amendment "by the affirmative vote of 2/3rds of the total number of votes held by all members
of the Association entitled to vote"; and

WHEREAS, Assateague Pointe, Inc., by virtue of its ownership of lots in the Assateague
Pointe Resort (the "subdivision"), holds more than 2/3rds of the total number of votes held by
all members of Assateague Pointe Homeowners Association, Inc., which is the entity referred
to in the Declaration as "the Association"; and

WHEREAS, the Declaration, in Article III, Section 3.4, allows storage sheds not exceeding
certain dimensions to be located upon lots in the subdivision and in Article III, Section 3.2(f)
establishes setback requirements therefor; and

WHEREAS, Assateague Pointe, Inc. desires to correct an error in the original Declaration
and to improve the aesthetics of the lots in the subdivision by amending the height limitations
of storage sheds and the restriction on their placement on a lot.

NOW, THEREFORE, for the purpose of amending the Declaration as aforesaid,
Assateague Pointe, Inc., by the exercise of its voting power to amend the Declaration, hereby
declares that Article III, Sections 3.2(f) and 3.4 and Article V, Section 5.4, thereof are amended
(effective upon the recordation of this Amendment) to read as follows:

(f) In the case of storage sheds the rear-yard setback shall
be five (5) feet and the side-yard setback shall be zero (0) feet.

3.4 Approval of Plans. No Park Home, addition thereto or other
improvements shall be placed or constructed on a Lot or thereafter altered
or enlarged (including but not limited to changing its color), and
the grade and topography of a Lot shall not be changed or altered in any manner
without the prior written approval of the Committee. As a prerequisite
of its consideration of a request for such approval, the Committee may
require such plans and specifications and other information as may be
reasonable. Generally, the Committee will not approve any storage shed
that exceeds eight (8) feet by ten (10) feet in size and ten (10) feet in
height located in the rear yard of a Lot. A building permit or zoning action required for the subject of the requested approval by the Committee shall not be pertinent to or necessary for its approval of the request, but such approval shall not operate to avoid the need for such building permit or zoning action, if any, that may be required. Reference is made to the provisions of this Declaration that more particularly describe the operation of the Committee and the approval of plans.

5.4 Use or Maintenance by Owners. The area of any Lot affected by the easements reserved herein shall be maintained by the Owner, but no structure (other than a storage shed), plantings or other material shall be placed or permitted to remain thereon or other activities undertaken thereon which may damage or interfere with the use of the easements for the purpose herein set forth. Improvements within such areas shall be maintained by the Owner except those for which the Association or a utility company is responsible.

WHEREAS, Assateague Pointe has applied to various regulatory agencies for permits to construct and maintain boat slips and boat launching facilities as part of Assateague Pointe Subdivision, the initial size of which concerned the Association and various Lot Owners who are members of the Association; and

WHEREAS, in consideration of forbearance by the Association and the Lot Owners from protesting and opposing the boat slips and boat launching facilities as hereinafter described and in further consideration of the support and consent by the Association to the boat slips and boat launching facilities as hereinafter described, and upon the terms and conditions hereinafter set forth, Assateague Pointe has agreed to establish certain covenants and easements upon the aforesaid land of Assateague Pointe or certain portions thereof as provided in this Declaration, and upon the title to such land or any lot or other portion thereof in the hands of Assateague Point, its transferees, successors or assigns, that shall touch, concern and run with such land or portion thereof and its title,
for the benefit of the Association, and the Lots in Snug Harbor Subdivision which are adjacent to Meadow Drive, and the owners of the Lots, their heirs, successors and assigns.

NOW, THEREFORE, Assateague Pointe does hereby make and declare this Declaration of Subdivision Covenants and Restrictions as follows:

I. Covenants and Restrictions. The Assateague Pointe Subdivision shall be subject to the following covenants and restrictions for the benefit of the Association, the Lots, and the Lot Owners:

A. There shall be a maximum of one hundred and forty (140) boat slips constructed or maintained at any one time. No such slip or boat-launching facility shall be located less than 1100 feet from Meadow Drive.

B. Usage of any slip or boat-launching facility shall be limited to owners and other residents of lots within the Assateague Pointe Subdivision.

C. The land within Assateague Pointe Subdivision, extending a distance of three hundred (300) feet southerly from the southerly side of Meadow Drive as it is located on the Snug Harbor Plat, and also extending from the waters of Syneupuxent Bay, on the East, to a point three hundred (300) feet westerly of a point on the southerly line of Meadow Drive representing the point of intersection with a perpendicular projection of the westerly
... line of First Street, as it is located on the Snug Harbor Plat—hereinafter called the "Buffer Area"—shall be planted on or before December 31, 1990 and thereafter maintained in accordance with the requirements of the Worcester County Planning & Zoning Commission, extant as of the date of this Declaration, in order to afford visual screening and noise abatement to the Lots and Lot Owners from the activities at the Assateague Pointe Subdivision. Thereafter, the Buffer Area shall be allowed to naturally vegetate and become a fully natural barrier and shall not be used or developed except for stormwater management ponds and ditches. Except for reasonable access for construction, utilization, reconstruction, repair and maintenance of the stormwater management ponds and ditches and such other improvements permitted by or in accordance with this Declaration, no roads or streets or other means of ingress or egress by foot or vehicle shall be placed or located in or across the Buffer Area. Assateague Pointe shall plant and maintain trees (either Leland Cypress, White Pine, Dedora Cedar, or a mixture thereof) on the slope of the North-facing berm of all stormwater management ponds within the Buffer Area.

II. Enforcement. The covenants and restrictions imposed by this Declaration shall be enforceable by the Association and/or, the Lot Owners, and their heirs, successors and assigns, which right of enforcement shall run with the ownership of the Lots.
III. Amendment. This Declaration may be amended with the consent of the Association and by the Lot Owners then of record by the recordation of an amendatory document among the aforesaid Land Records that is signed by the Association to express its consent, by the owners of the Lots, and by Assateague Pointe to express its consent. For this purpose, consent of each corporation shall be deemed to mean a resolution approved by a simple majority vote of the board of directors of each corporation.

IV. Successors. This Declaration shall be binding upon, and inure to the benefit of, and be enforceable by, the respective heirs, administrators, personal representatives, successors and assigns of the parties hereto. Furthermore, the rights and obligations of Assateague Pointe with respect to the use and maintenance of the Buffer Area shall inure to and become the responsibility of any successor owner of the common areas in Assateague Pointe Subdivision, and upon the affirmative assumption by any such successor owner of the obligations imposed hereby, Assateague Pointe shall be relieved of any further responsibility with respect hereto.

AS WITNESS the execution hereof by Assateague Pointe, Inc., by its duly authorized officer.

SHARED FACILITIES AGREEMENT
(Assateague Pointe Resort)

THIS SHARED FACILITIES AGREEMENT, made this 26th day of JUNE, 1990, by and between ASSATEAGUE POINTE, INC., a Maryland corporation (herein the "Developer"), and the WORCESTER COUNTY SANITARY DISTRICT, a Maryland body politic and corporate (herein the "District"), who desire that this Agreement shall supersede their earlier Shared Facilities Agreement, dated December 19, 1989, which has been recorded among the Land Records of Worcester County, Maryland, in Liber R.H.O. No. 1614, Page 514.

WHEREAS, the Developer is the owner of certain land located on the easterly side of State Route 611 in the Tenth Election District of Worcester County, Maryland, herein called "the Property", that is more particularly described on the plat entitled "Plat of Survey Showing Lands of Assateague Pointe, Inc." prepared by J. E. Bunting Surveys, Inc., dated January 10, 1990, and recorded among the Land Records of Worcester County, Maryland in Plat Book R.H.O. No. 125, Page 3, which it is developing in part as a campground subdivision to be known as "Assateague Pointe Resort", to be served by a central, on-site, water-treatment and distribution system and a central, on-site, sewage-collection, treatment and disposal system (herein collectively the "Systems") that will be constructed by the Developer; and

WHEREAS, the Developer intends to transfer the Systems to an entity that will be established as the homeowners' association for
Assateague Pointe Resort (as a non-profit corporation whose members are the owners of lots in Assateague Pointe Resort) that will assume and perform the obligations and liabilities of the Developer under this Agreement and operate and maintain the Systems as herein agreed by the Developer until accepted by and transferred to the District; and

WHEREAS, the District is the controlling authority over shared water and sewerage facilities in Worcester County (except those located within the corporate limits of municipalities); and

WHEREAS, the Worcester County Shared Facilities Law (Title 5, Subtitle 1, of the Public Works Article of the Worcester County Code) requires that a community shared facility be established as a "service area" within the District, and on September 13, 1988, the Worcester County Commissioners, pursuant to the authority bestowed upon them by § 9-648 of the Environment Article of the Annotated Code of Maryland, approved the creation of the "Powell Tract Service Area" (herein the "Service Area") within the Worcester County Sanitary District; and

WHEREAS, it was a condition of approval that the Developer fully construct and implement, at its sole expense, the aforesaid Systems pursuant to the permits that have been granted and issued by the Maryland Department of the Environment; and
WHEREAS, such construction is bonded by Developer by a Water/Sewer Bond dated May 18, 1990; and

WHEREAS, it was also a condition of approval that the implementation, operation and continuous preventive and corrective maintenance of the Systems be conducted under the general supervision and guidance of the District at the expense of the Developer and/or the ultimate users of the Systems pursuant to the terms of an agreement by and between the Developer and the District, who desire, by this document, to effect and state such agreement.

NOW, THEREFORE, in consideration of the premises, the mutual benefits to be derived hereunder, and as required by the rules and regulations promulgated by the Maryland Department of the Environment (COMAR 26.04.05) and by Ordinance No. 87-1 of the Worcester County Commissioners, the parties hereto, for themselves and their successors and assigns, do hereby covenant and agree as follows:

1. Proper construction, maintenance and operation of the Systems located within the Service Area is essential to the health, safety and welfare of the general population living in the general area and also to the owners and users of property located in the Service Area.

2. The permits granted and issued by the Maryland Department of the Environment authorize the Developer to provide
sewerage service (within the permit limitations) to the lots and facilities of the campground subdivision, as well as to the other areas of the Property. Phase I of such development shall contain 201 campground lots; the Developer may, at its option and up to the effluent limitations of its permits, add additional phases of development to said subdivision, a marina or other recreational facilities, and development of its commercial parcels. Any such additional development shall not be connected to or served by the Systems unless constructed in accordance with the approved plans and specifications for the Systems or any approved amendment thereto. The parties hereto acknowledge and agree that they are relying on the future issuance of permits and amendments to or modifications of permits issued by the Maryland Department of the Environment with respect to the construction, expansion and proper operation of the Systems, and will take all reasonable actions to comply with the requirements, if any, of the Maryland Public Service Commission in regard to the Systems.

3. The Developer shall be responsible for the proper construction, maintenance and operation of the Systems in accordance with the requirements of the District until such time as the Systems are conveyed and transferred to the District as hereinafter provided.

a. The Developer does hereby covenant and agree with the District (for the benefit of the District and the County
Commissioners of Worcester County) to leave in place, upon completion of the water and sewerage facilities to the satisfaction of the District, five percent (5%) of its Water/Sewer Bond dated May 18, 1990 (or provide a replacement bond satisfactory to the District in the same amount) until the Systems are operating within design parameters, meet the NPDES permit criteria, and have been accepted by and conveyed or transferred to the District.

b. The Developer shall engage a Systems' operator/manager, together with such assistants as may be required, to perform the duties set forth in this paragraph. The Systems' operator/manager shall be licensed as such by the Maryland Department of the Environment.

c. The District will provide such supervision of the responsibilities undertaken by the Developer as the District determines to be reasonably necessary. Further, the District will conduct periodic inspections to determine that competent and professional operation and maintenance of the Systems are being maintained.

d. Samples for the testing of the water and sewage pursuant to the terms and conditions of the permits shall be taken by the operator/manager of the Systems or under his supervision, and the testing of such samples shall be by a laboratory certified by the Maryland Department of the Environment. The District may
perform such testing itself to confirm the adequacy of the laboratory testing. Such additional testing shall not be performed by the District more frequently than quarterly, except when the District has reasonable cause to believe that the Developer's laboratory testing is inadequate or inaccurate.

4. The Developer has deposited with the District the sum of Five Thousand Dollars ($5,000.00), which shall be utilized as a reserve fund to pay the costs incurred by the District in performing its duties hereunder. If, by payment of such costs, the reserve fund shall be reduced to less than Two Thousand Dollars ($2,000.00), the Developer shall, upon demand by the District, cause the reserve fund to be replenished to an amount not to exceed Five Thousand Dollars ($5,000.00). The District may charge the reserve fund the actual cost to the District of providing the services hereunder, and, in addition thereto, an administrative charge equal to 100 percent of the actual costs. Further, the District shall send to the Developer, at least on an annual basis, an itemized statement setting forth the costs and charges incurred since the date of the last statement. When the District becomes the owner of the Systems, the District shall promptly refund to the Developer or its corporate successors and assigns the entire amount, if any, then remaining in the reserve fund.

5. In the event the Developer fails to construct, maintain, operate and repair the Systems as required by the
Maryland Department of the Environment, then the District, its agents, contractors and licensees, may execute upon any bonds posted by Developer and enter upon the premises and effectuate such maintenance, operation and repair as may be necessary. The Developer shall continue to pay the cost of such maintenance, operation and repair. Any and all other remedies that the District may have shall be strictly preserved. Any such entry for maintenance, operation or repair shall not be considered trespass, and permission to do so is hereby granted irrevocably. The action taken by the District hereunder shall in no way affect the authority of the Maryland Department of the Environment to take independent action, including, but not limited to, the revocation or suspension of the permits to operate the Systems.

6. Within sixty (60) days after the date of this Agreement, the Developer shall provide to the District one (1) full set of working drawings for the construction of the Systems. Within sixty (60) days after the substantial completion of any portion of the Systems, the Developer shall provide to the District one (1) full set of "as built" drawings of the Systems, together with all applicable M & O manuals for the Systems. All such materials shall be provided without cost to the District.

7. Until such time as the District becomes the owner of the Systems as herein provided, the Developer (or the entity to which it may have transferred the Systems in accordance with this
Agreement) shall have the authority and right to charge fees to the owner of each campground lot in Assateague Pointe Resort or commercial parcel that is part of the Property for the availability and usage of water and sewerage service. Such fees shall be charged to all subdivided campground lots and commercial parcels of record with water and sewerage services available, and the Developer does hereby specifically covenant and agree to pay such fee for each and every lot and parcel owned by the Developer as the same becomes due; provided, however, that no such fee shall be charged or paid with respect to any commercial parcel on which any part of the Systems are situated that does not actually utilize any water or sewerage service. The fees may be increased or decreased to a sum reasonably necessary to cover the cost of the operation, maintenance and repair of the Systems. However, before any such fee restructuring is implemented, it must first be approved by the District as being reasonable to cover the actual or anticipated costs of the operation, maintenance and repair of the Systems. The actual cost of the operation, maintenance and repair of the Systems shall be verified by an annual audit. A copy of the audit shall be forwarded to the District for its review and approval. The audit shall correspond with the District's fiscal year and shall be received within one hundred twenty (120) days after the end of such fiscal year.

8. a. When the Systems are operating within design parameters in compliance with the design criteria for the Systems
and meet NPDES permit requirements, the Developer (or any entity to which it may transfer the Systems) shall grant, convey and transfer the Systems to the District, and the District shall accept the same, all without cost or charge to the District; provided, however, the District may at any time prior thereto require the Developer (or any entity to which it may transfer the Systems) to grant, transfer and convey the Systems to it if it determines, through the exercise of reasonable judgment, that the Systems are not being properly operated or maintained.

b. The Developer shall convey to the District in fee simple the initial spray irrigation area and the reserve irrigation area to be located on Parcel B (as shown on the Assateague Pointe Resort subdivision plat). The Developer shall convey to the District an easement for (i) the sites for the sewage treatment plant and the storage and treatment lagoons to be located on Parcel A (as shown on the Assateague Pointe Resort subdivision plat) and (ii) the site for the water treatment plant to be located on Outlot B (as shown on the Assateague Pointe Resort subdivision plat). The Developer shall also convey to the District an easement for all underground sewer and water lines. The conveyances shall be free and clear of liens and encumbrances and subject only to the terms of this Agreement and all applicable easements and rights-of-way for roads, CATV, other utilities, etc., depicted or referenced on the Assateague Pointe Resort subdivision plats. The conveyances shall be subject to the condition subsequent that, if
a publicly-owned and operated sewerage facility serving the area is extended to the Property from Stephen Decatur Highway and the Property is tied into the public sewerage facility, the District's property interest in the sites conveyed for the initial spray irrigation area, the reserve irrigation area, the sewage treatment plant, and the storage and treatment lagoons shall revert back to the Developer, its corporate successors or assigns (and not to any entity to which it may have transferred the Systems), which shall be entitled to delivery of appropriate documents (deeds, etc.) to confirm the reversion not more than ninety (90) days after connection to the public sewerage facility.

c. The Developer's agreement to grant, convey and transfer the Systems to the District constitutes an irrevocable offer of dedication (which the District hereby accepts) that may not be withdrawn or rescinded without the express written agreement of the District.

d. The District covenants and agrees that it will not, without the consent of the Developer (and not any entity to which the Developer may transfer the Systems), permit additions to or expansion of the Service Area to include any land that is not presently contained in the Service Area, or permit use of the Systems by any property outside the Service Area, unless (i) such addition or expansion does not diminish the capacity of the Systems to serve the water and sewerage requirements for development of the land in the Service Area, and (ii) the owner of any land to be
served by such addition or expansion agrees to pay and pays Developer or its corporate successors and assigns (and not any entity to which it may have transferred the Systems) the sum of $25.70 per gallon of sewerage service per day (average flow) requested and $12.00 per gallon of water service per day (average flow) requested. The aforegoing sum(s) shall be adjusted by the percentage change in the Consumer Price Index for "All Urban Consumers, U. S. City Average" as determined by the Bureau of Labor Statistics (and referred to herein as the "CPI") from the month of June, 1990, to the month immediately preceding the month when service to any such addition or expansion commences. In the event that the Bureau of Labor Statistics shall change the base or method of calculating the CPI, but data reflecting the current base and method of calculating the CPI is available from the Bureau of Labor Statistics or other generally acceptable source, such data shall be used in calculating such sum(s). In the event that such CPI data is not available, then such sum(s) shall be adjusted by reference to the statistical index that most closely resembles the CPI, "All Urban Consumers U. S. City Average", on the base of 1982-84 = 100.

9. During the life of this Agreement, the Developer (or the entity to which it may have transferred the Systems) shall provide public liability insurance covering injury and death to persons and damage to property in the amount of at least $1,000,000
(single limit) at no cost to the District. The District shall be named as an additional insured on all such policies.

10. This Agreement and its faithful performance shall be a condition of any permit or approval issued with respect to the Systems.

11. The Systems shall be subject to all applicable laws and ordinances which regulate their operation and maintenance.

12. This Agreement shall be binding on the parties hereto, their respective successors and assigns, and each party hereto represents that it will deliver or cause to be delivered a copy of this Agreement to any such successor or assign. The Developer may assign its rights under this Agreement to any homeowners' association formed to govern any portion of the Property within the Service Area, but any such assignment shall not relieve Developer of its obligations hereunder.

13. The laws of the State of Maryland shall govern and control this Agreement.

14. This Agreement supersedes, takes the place of, and extinguishes that certain Shared Facilities Agreement between the parties hereto dated December 19, 1989 and recorded among the Land Records of Worcester County in Liber R.H.O. No. 1614, Page 514.
AS WITNESS the hands and seals of the respective parties hereto as of the day and year first above written.

Section 9. Place of Meetings. Meetings of the members shall be held at a location in Worcester County, Maryland, that shall be selected by the Board of Directors or the president and stated in the notice of the meetings.

Neither mistakes in judgment nor negligence shall constitute willful misconduct or bad faith. Section 2. Indemnification. The Association shall indemnify each of its officers and directors against any and all expenses, including counsel fees, reasonably incurred by or imposed upon any officer or director in connection with any action, suit, or other proceeding (including the settlement of any such suit or proceeding if approved by the then Board of Directors) to which he or she may be made a party by reason of being or having been an officer or director of the Association, whether or not such person is an officer or director at the time such expenses are incurred, in accordance with Section 2-418 of the Corporations and Associations Article of the Annotated Code of Maryland, as amended. ANNUAL BUDGET
FOR FISCAL YEAR 1994

* * *

PROPOSED BUDGET IF
DEVELOPMENT FULLY EXPANDED

* * *

STATEMENT OF ANTICIPATED
MANDATORY FEES AND ASSESSMENTS

Effective January 1, 1994

I. DISCUSSION:

A. General: The data in the budget is stated on the basis of a normal
fiscal year (i.e., 12 months). The projected fully expanded budget consists of
hypothetical data that is estimated to be representative of the budget if the
development were fully expanded (522 lots) at all times during the fiscal year;
it is noted that until all lots are sold, the current budget may be based on a
lesser number than 522.

B. Reserves Policy: The budgets do not include any reserves for capital
replacement costs, thus resulting in a lower level of assessments than would be
the case if reserves were funded from the budget. The so-called "pay as you go"
concept will be adopted, initially, in the management of the development. Under
this policy, owners will be required, as the need for capital replacement arises,
to pay special assessments or higher annual assessments (or a combination), but
until then will have the use of additional money due to the lower level of
assessments. No estimate or representation is made as to the useful life or
likely replacement cost of any of the items to be maintained or operated by the
Association.

C. Electric Charges: (based on quarterly electric meter reading)

1. Base: 300 KWH/quarter included in annual assessment, with any
   excess billed as stated in subpart 2, below.

2. Excess: 12.6 cents/KWH over the base KWH in any quarter; not
   included in budget; billed separately as appropriate.

D. Estimated Nature of Data: The data in the budgets is not guaranteed,
and represents a good faith estimate of the cost of operation that reflects
(among other things) the fact that the property (pool, roads, etc.) will be in
substantially new condition as well as the understanding and information that the
Declarant (developer) has reached based upon experience and conversations with
the operators of similar property. Although the Declarant may contribute funds
to hold the assessments at or below a particular amount, it is not obligated to do so (or, if it elects to do so, to continue to do so). In addition, the budget is subject to the inherent uncertainty as to prices of goods and labor, error in estimating the volume required and unforeseen contingencies, which could result in higher fees and assessments.

E. Certain Items That Are Not Covered: Unlike some condominium and homeowner organizations, the Homeowners Association will not provide certain services or bear certain expenses, which the owners of lots will be required to pay, as desired. These include the repair and maintenance of the home and other improvements on a lot and casualty insurance thereof. The cost of bottled gas (propane) for heating and cooking will be paid by the owner of a lot to the supplier. The Homeowners Association is not required to obtain insurance coverage for potential liability of an owner for his negligence or other conduct on the lots or the Common Area, and does not plan to carry such insurance.

In addition, charges for water and sewerage services are made by the Worcester County Sanitary District, which has assumed the operation and maintenance of the mains and equipment pursuant to the Shared Facilities Agreement between the District and the developer. Any excess electric usage (over the base level stated above) will be charged to the owner of the lot as discussed above.

II. ASSUMPTIONS: The following assumptions have been used in the budget expenses (but are not warranted and may be inaccurate):

1. Swimming pool will be available for use from May 15 to September 15, during the hours of 10 A.M. to 9 P.M. each day.
2. Lots will be mowed approximately 26 times each year.
3. Minimal repair of roads and Common Area facilities will be necessary; no capital replacement will be required. [Note: This assumption will not be valid in future years].
4. The Association will maintain "all risks" casualty insurance on the buildings and equipment that it owns (except for foundations and components that are normally not insured) that provides coverage for their full replacement cost, with the following provisions that significantly affect the cost of such insurance: Deductible - $1,000/occurrence.
5. The Association will maintain general comprehensive liability insurance coverage on its operation and the Common Areas (covering only the potential liability of the Association) subject to the following provisions that significantly affect the cost of such insurance: Maximum ("limits") - $1 Million/occurrence; $2 Million total (sum of base and umbrella policies).

1. The only services or work on the lots that the Association currently plans to provide is mowing of the grass.
The association will maintain workmen's compensation coverage of its employees in accordance with law; the estimated premium of such insurance is $2,265 per year.

Gatehouse will be operated (with an attendant) during the hours of 5 P.M. to 9 A.M. each day.

Electrical cost figures are based upon previous years' usage with increase allowances for anticipated number of new homes occupied during the current year.

The Common Area and improvements thereon will not be subject to real estate taxes (taxes imposed on the lots will reflect the value of the Common Area and improvements thereon).

No security services will be furnished by the association.
An estimate of the cost to maintain the roads in Phases 1, 2, 3, and 4 of Assateague Pointe Resort for the next ten-year period beginning 10/01/90 is submitted in accordance with applicable law. It is assumed that these costs will be shared equally by the 522 lots in Phases 1, 2, 3 & 4 as part of the dues paid to the Assateague Pointe Owners Association, Inc.

Within these phases, there are approximately 13,500 linear feet of 20'-wide paved surface (which equals 270,000 square feet or 30,000 square yards) and approximately 7,480 linear feet of 22'-wide paved surface (which equals 164,560 square feet or 18,284 square yards). It is assumed that some minor repair work (pot holes, street signs, etc.) costing $1,500 per year will be required -- $15,000 over the 10-year period. In addition, it is estimated that the roads will need resurfacing in approximately 6-8 years. Based upon today's resurfacing cost of $1.75 per square yard, the total of 48,284 square yards would cost $84,497. However, figuring in a 4% per year inflation factor and an estimate that the roads would be resurfaced in seven years, the projected cost would be 128% of today's cost, or $108,156. The estimated 10-year road maintenance cost is thus the sum of $15,000 and $108,156 or $123,156.

If the total 10-year road maintenance cost is divided among the 522 lots in Phases 1, 2, 3, & 4, it amounts to $23.59 per lot per year.
